

Media Centre

In our media centre you can use different kinds of media.

- » For Moodle newbies there are two ideal basic courses available: The [Moodle Tutorial for teachers](#) and the [Moodle Tutorial for students](#) (both in german).
- » The [literature database](#) provides interesting articles about distance education and eLearning.
- » In the [Software for Online Courses](#) category, we introduce you to various software programs for the development of online courses.
- » Selected online tools can be found under [Resources](#).
